

Tennant 2550

Compact battery-powered burnisher with integrated dust control for large areas. The Tennant 2550 is a state-of-the-art ultra high speed burnisher with traction drive, capable of producing a high gloss finish on hard floors. Utilising a built-in dust control system to capture dust and safeguard indoor air quality. The 2550 enhances floor appearance by removing scratches and marks from any hard coated floor. The 2550 is ideal for use on large coated floors which are found in supermarkets, grocery shops, department stores, hospitals and airports.

Features

- Dust controlled burnisher with low sound level
- Floating head design, adjustable down pressure
- Variable speed control
- Zero-radius turning system
- Enclosed transaxle
- Hatch design
- Battery, pad and hour meters

Benefits

- For use in noise-sensitive environments
- Consistent results on all floor surfaces
- Uniform, effortless burnishing
- Excellent manoeuvrability
- Disengages all functions when twist grips are released
- Easy access to filter bag and battery compartment
- Keep the operator informed and in control

Applications

- Retail facilities
- Healthcare
- Office buildings
- Hospitality sector
- Educational facilities
- Contract cleaning

Easy access to filter bag
